Mr. Enoch LeBaron Winslow has decided not to stand for reelection to the Assessor's office in this coming election in Mattapoissett. This marks a major milestone in the town's history. Mr. Winslow has served with 12 other assessors in his unbroken years in that office which dates back to the

year 1925. He is presently serving with Assessors John D. Gibbons and Walter Apperson in an office considerably changed recently in the remodeled Mattapoisett Town Hall. Mrs. Natalie Sullivan is the fourth member of the smooth functioning team. She has been clerk in that office for a number of years.

No man has a more intimate knowledge of the property of Mattapoisett and certainly few men have ever gained the confidence and respect of his fellow citizens in such a manner as has Enoch Winslow, a man of many talents. He will be missed in the town government by the people he has served so well and by his fellow officeholders who value his good humor and good sense.

of the town's "elder statesmen" who dropped in daily to watch a master boat builder at work and to enjoy good talk beside the wood burning furnace.

Retirement from boat building for Enoch Winslow has just meant change of pace. No sooner had the final boat been launched, checked out and had departed then Enoch started on a large shop beside his home on Park Street which he constructed in about 3 months, a feat which would have been a staggering job for many a man with half his years. If this is retirement, what will Mr. Enoch Winslow do for an encore after a half century of service as Mattapoisett assessor which he will complete when his term ends this year? This record will stand in Plymouth County and possibly the State of Massachusetts for a long time to come. As long as Enoch chose to run, he would have been returned to office by Mattapoisett citizens who trust and respect his knowledge, ability and Yankee honesty and fairness. He has been reelected to the Assessor's office for 50 years and during that time he has seen Mattapoisett grow from a rural small town worth \$2 million to the \$35,444,975 (January 1, 1973) town of today. started 55 years ago with a 3 year post on the highway commission and then he won a one-year term as wharfinger. He ran for assessor in 1925 and has been returned to that office ever since. During his years in the assessors' office some great strides have been made. The early records were kept in the memory of the assessors. Over the last 25 years the cards and maps of property have been established and updated each year. The 1938 hurricane was the most staggering blow that the town has experienced during his term in office. Approximately 1/3 of the town's valuation was destroyed in this storm which devastated the beach areas.

The Winslow Boat Shop produced some of the finest bass boats on the eastern seaboard and most are still sound and in service and much sought after by sports fishermen. In addition to these graceful, rugged boats Barstow Street has 3 Winslow built

homes opposite the library, and also Sylvia's Market on Church Street which were built during the depression when boat building was at a minimum. Mr. Winslow designed his boats, framed them, planked them and then suspended them from the rafters, turned them over and did the interior finish, for the most part working alone.

The Winslow brothers, all four, have served the Town of Mattapoisett in a variety of ways. The late William Hallett Winslow served for 25 years as treasurer of the town. The late Raymond Winslow served for six years as Water Commissioner and was the force behind the Veterans' Memorial Park at Ned's Point which was his main interest before his death. Edwin Winslow served six years on the Mattapoisett School Committee. All four brothers were in office simultaneously at one period.

Enoch and Viola Winslow have been married 52 years. They have two daughters, Mrs. Barbara Wenstrom and Mrs. Priscilla Thompson.

The town will never be served with greater distinction and certainly can never expect to be served so many years by one man. We believe that we speak for all of Mattapoisett when we wish Enoch LeBaron Winslow a long and healthy retirement with the satisfaction of looking upon a lifetime of

LITTLE INTEREST IN BUS

In response to a request by Selectmen for the general public to make their feelings known on the proposal to increase the bus service to Mattapoisett under town subsidy, two replies were received. One reply likes the service that is now in operation. The other would like to see increased bus service. After taking these comments from the public into consideration, Selectmen decided not to proceed any further with a proposition by the Union Street Railway Company for an increase in the number of trips to be subsidized by the taxpayers of Mattapoisett.

WANT SEPARATION FROM SRPEDD

The Mattapoisett Planning Board has made a unanimous decision to suggest that an article be placed in the Annual Town Meeting warrant to see if the town will vote to withdraw from the Southeastern Regional Planning and Economic Development District. The town was required to be a part of this body under a mandatory membership voted by the Massachusetts legislature for a 5-year period. Richard W. Blasdale, secretary of the Planning Board, advised the Board of Selectmen Janu-

9, 1974 of this request.

The Board of Selectmen received a copy of an open letter to the Presto Press in which several residents of North Street commend the police force for rapid and courteous assistance on several occasions and in particular on January 5th.

PROTESTS "DRY RUN" BLACKOUT

The Board of Selectmen has been sent a copy of letter addressed to Thomas Hayden, Acting Chief Engineer of the Massachusetts Department of Public Utilities. The letter, written by John Pagenkopf, opposes an announced plan to have a "dry run" of a power blackout (2 hours on and 2 hours off) on some future Sunday. Mr. Pagenkopf said that in low, wet areas this would cause great trouble. In his case his sump pump would cease to operate and would flood the basement damaging furnace, washing machine, dryer and everything else.

CRACKDOWN ON EXCISE TAX DELINQUENTS

Tax Collector Allen Sherman has announced that a newly enacted law calls for the revocation of a driver's license for non-payment of motor vehicle excise taxes. Hearings to date of delinquent defendants have resulted in hundreds of heavy fines, interest costs and charges as well as loss of driver's licenses. The next round of hearings will probably include Mattapoisett and these start in February.

ELECT MICHAEL L. O'BRIEN SELECTMAN

An Appeal to Reason

I hereby announce my candidacy to the Board of Selectmen. I am a graduate of Dean Junior College and Southeastern Massachusetts University. I hold an Associate Degree in Social Science and a Bachelor of Science degree in Political Science. Having majored in Political Science in college, my education has been oriented towards the study of government and the political system. In addition, I have participated in several state and local political campaigns. I am currently employed by the town of Rochester, Massachusetts, as an elementary school teacher and am studying for a Master's Degree at Bridgewater State College.

I have spent my 23 years in this town, but what is more important is that I intend to stay here. I may be short on years but I am long on recognizing problems in this community. The town of Mattapoisett is in need of fresh ideas, renewed dedication, and unaligned leadership. I have no conflict-interests. Employed in the field of education outside of Mattapoisett, I am not committed to one interest group within the town. I have no business or professional ties within the town. Simply, my candidacy is devoid of self-interest or personal gain.

As a candidate for Selectman, I have become aware of a grievous omission, an untapped resource in town government. There are approximately 650 eligible citizens who have failed to register to vote. I am endeavoring to halt this apathy by encouraging all of these citizens to register, to become involved in the future of Mattapoisett. I hope to strengthen the town by adding to its ranks.

I have the time, the energy, and the enthusiasm to serve Mattapoisett. I need your support at the polls, and I need your help in the campaign. If you have any thoughts on these problems please feel free to call me at 758-2163 and give me your opinion. Your ideas will be both welcome and appreciated.

Respectfully yours,
Michael L. O'Brien

Editorial, D.C.J.

This chant is familiar to all who have attended athletic contests at Old Rochester Regional High School. It often has proven wishful thinking, shouted in defiance of the foe. However, in another area of endeavor at the Regional, this boast is very close to fact. Figures released recently by the Herald Traveler in response to a statewide questionnaire from 351 School Committees show Old Rochester Regional School District with a \$1367.25 cost per pupil figure. Old Rochester is topped only by Gosnold with \$2208.54 (for ten pupils), Wellesley with \$1388.63 and Blue Hill Regional with \$1373.00 per pupil. Old Rochester, in fourth place, certainly is hot on the heels of the leaders. Certainly leadership is well within grasp.

The cost per pupil range is wide. Gosnold with only 10 pupils would have to be the highest. It is hard to believe that Spencer with

\$610. per pupil is part of the State of Massachusetts. Athol and Templeton are also in the below \$700. range. It might be well to investigate these laggards to discover the secret of failure in the spending race.

Open Letter

TO THE TOWN OF MATT.

Many controversies have arisen of late, centered around the Mattapoisett Police Force.

We, the undersigned residents of upper

North Street, have had several occasions to call upon this force in a time of need and have received rapid and courteous assistance.

Saturday, January 5th, 1974 was no exception.

A power line parted and plunged our entire neighborhood into darkness and posed a serious threat for anyone who might come in contact with it. A dialing of the police emergency number brought about the rapid response that is usually taken for granted and turned a potentially dangerous problem into just another routine call.

Our thanks go to Officers Heuberger and Moore, and to the entire Police force in general, whom we feel are doing an outstanding job.

Mattapoissett Seniors

The first meeting of 1974 of the Mattapoissett Senior Citizens' Club was held on Monday, January 14th, at the Legion Hall, and was presided over by the President, Dick Colby.

It was voted to change the time of all future meetings to 1:30 P.M. instead of 2:00 P.M. unless a special event is planned. This earlier start allows more time for members to visit, mix and enjoy each other's company, recreation and refreshments after the close of the meeting.

Please give special attention to the following, put it in your date book, better still cut this out of the Presto, tack up or tape it to your refrigerator:

The next meeting will be held Monday, January 28th, at 1:30 P.M. Carl Wagner, our very own food specialist, will have food for thought. Refreshments and Bingo will follow.

On February 11th, Monday, there will be a buffet luncheon meeting at 1:00 P.M.

February 13th, Wednesday, the regular scheduled public card and whist party will be held at 1:30 P.M. A small donation is accepted. Prizes are appreciated. Light refreshments are served free.

All these events and meeting will be at the American Legion Hall, Mattapoissett, weather permitting.

The Sunshine Lady, Mrs. Mae Lawrence, telephone 2912, would appreciate being notified of the illness or family loss of a club member or any older citizen. She will be happy to send an appropriate card.

A trip, a Cherry Blossom Festival, Washington, D.C., will be from March 28 through March 31. The price is \$139.00 per person for senior citizens and friends of Mattapoisett and surrounding areas. Gloria Rounds, coordinator, will have flyers and reservation forms. This is especially exciting because the tour is during the National Cherry Blossom Parade.

Mrs. Sophie Sterling, entertainment director, is in the process of planning socials and more activities at the Drop-In Center, the Legion Hall.

HAM: BE A LOAFER

It needn't be a whole ham to be fit for the feast. A glazed loaf can be festive, too, and far easier on the budget. It's easy for the cook and the carver, too.

This ham loaf is unusually flavorful. In addition to the ground ham, some ground fresh pork is used. Spiced crab apples, broccoli or asparagus and scalloped potatoes are good served with ham loaf.

The glaze used in basting this loaf during the baking process is one of the favorites in the Karo kitchens at Best Foods. It is made simply by blending dark corn syrup with vinegar and mustard and boiling 2 minutes, stirring occasionally. The corn syrup helps make for shiny not too sweet glazes. This sweet-tart mustard glaze is suggested for use on a whole ham as well as on this loaf.

Ham Loaf

1 1/2 pounds ground ham
1 pound ground pork
2 eggs

1 cup cracker crumbs
2/3 cup milk
1/4 teaspoon pepper

1 recipe Glaze

Mix together ham, pork, eggs, cracker crumbs, milk and pepper. Shape into loaf and place in baking pan. Bake in a 300°F. oven about 2 hours, basting occasionally with Glaze. Makes 8 to 10 servings.

Glaze: Stir together 3/4 cup Karo dark corn syrup, 1/3 cup vinegar and 2 teaspoons dry mustard in a small saucepan. Stirring occasionally, bring to boil and boil 2 minutes.

Y. W. C. A. Events

Due to the stormy weather two weeks ago, the Wednesday Weekly Luncheon was cancelled. Mrs. Marguerite S. Walsh, the scheduled speaker for that date, is re-scheduled for Wednesday, January 30th, at 12:15 P.M.

Mrs. Walsh, Director, Homemaker-Home Health Aide Service at St. Luke's Hospital, will tell about the program she directs and how it functions here in the vicinity, providing necessary services.

The public is invited to both the speaking program and the informal luncheon that is served at 11:45 A.M. Reservations are not necessary.

In response to many inquiries regarding a class for youngsters, younger than those currently enrolled in the tumbling class, another class has been arranged for boys

over of Otis Air Force Base on Cape Cod to civilian uses, Rep. Gerry E. Studds, D-Mass., announced today.

"This money -- which is specifically earmarked to aid the conversion of Otis Air Force Base -- will be used to plan the change-over of the base to civilian uses and to create new jobs," Studds said.

"I am encouraged by this indication on the part of the federal government that they are willing to share the cost of finding useful and acceptable civilian uses for this valuable real estate and facilities," Studds added in a statement released by his Washington office.

The total federal grant awarded today is for \$325,000 to which the state will add \$109,000 to finance the operations of the Commission on Federal Base Conversion and the Otis Task Force. \$110,000 of the total amount will be used by the Otis Task Force, with the remainder to be used for the operations of the State Commission.

"A number of us -- in Washington, Boston and Cape Cod -- worked very hard to win these most needed funds," Studds continued.

"I hope the Task Force will now move forward to find the best possible use of the Otis facilities in keeping with the wishes of the local communities of Bourne, Falmouth, Sandwich and Mashpee."

The massive Otis Air Force Base was ordered closed by President Nixon on April 17, 1973. Studds, who represents the area surrounding the base, has been acting as coordinator between federal and state and local officials since then in an effort to find "the best possible use for this valuable property".

WHAT CAN YOU DO ABOUT POLLUTION

As Telephone Pioneers stated before, most pollution is waste gone wild - excess by-products of manufacturing, burning or consuming that nature cannot absorb.

Here are more ideas on how the individual can become personally involved with these problems. Last Week Pioneers reviewed Wasting Paper - we junk 40 million tons each year.

3) Avoid paper plates, cups and tablecloths. Sure, they're more convenient, especially in the summer - but they add to waste.

4) Use refrigerator containers instead of plastic or foil wrap.

5) Limit the use of disposable diapers.

As Telephone Pioneers are saying, YOU can do something about pollution.

THE HANDS OF EURIDICE

As part of the cultural activities of the
Brazilian Week, the play "The Hands
of Euridice" is scheduled for perform-
ance in the Southeastern Massachusetts
University auditorium on February 9 and
10 at 8:00 P.M.

One of the most representative of the
modern Brazilian Drama, this play has
been produced more than 15,000 times
all over the world. Written in 1951 and
performed for the first time in 1953, "The
Hands of Euridice" won for its author
Pedro Bloch many prizes, including the
First Theater Prize of the Brazilian Aca-
demy of Letters, the Gold Medal as the
best author of the year given by the Bra-

zilian Association of Drama Critics and
the Gold Medal of the Brazilian Society
of Theatrical Authors.

The interpreters of the unique role in
"The Hands of Euridice" have had similar
rewards: Rodolfo Mayer, the great Bra-
zilian actor and first interpreter of the play
became outstanding in the scene of the
Brazilian drama after his performance of
the play and the same can be said about
the Spanish actor Enrique Guitart and the
French Jean Nergal. The interpreter of the
English version is Riley Jason, who is com-
ing to SMU auditorium on February 9 and 10.

Riley Jason has studied in the Stella Ad-
ler Academy of Drama in New York and was
the first American actor to be offered the
opportunity to perform the main role of the
play as soon as it was translated into Eng-
lish by Raymond Maloney in 1969. Aware
of the importance of his dramatic role in the
play, Riley Jason has been as successful as
the interpreters in Brazil, France and Spain
once he has responded to the serious and de-
manding role with an excellent performance.

Tickets are on sale at the following locations

HUSBANDS PRESENT IN DELIVERY ROOM

Dr. Robert F. Cooney, Chief of Obstetrics, has announced that Tobey Hospital is extending to the husbands of expectant mothers the privilege of allowing them to be present in the Delivery Room of the Hospital during the period of labor and birth. Because the younger generation has shown such an interest in sharing the experience of pregnancy and birth, and in making it a family affair, Tobey Hospital is providing services to meet the needs of the community by setting up parent classes.

On December 21, 1973, the first orientation class for expectant parents was held. The Nursing Staff of the hospital outlined the rules and regulations necessary for the fathers' presence, conducted a tour of the maternity floor and delivery rooms, and gave helpful information to the men on the labor and birth process.

For those parents whose children are
